

# James Oden

I'm a Computer Science and Mathematics graduate from Cuesta College with hands-on experience in Java, C, Python, and App Inventor. I have a strong foundation in programming concepts and problem-solving, and have over four years of customer service experience so I'm used to working with others. I am eager to apply technical skills and grow in a software or IT support role.

## EXPERIENCE

### **Panera Bread, Arroyo Grande CA — Fast Food Worker**

August 2022 - PRESENT

Provided prompt customer service and maintained a clean, safe food preparation area by following strict health and safety guidelines. Collaborated with team members to efficiently fulfill large orders in a fast-paced environment.

### **Blaze Pizza, San Luis Obispo CA — Pizza Maker**

May 2021 - August 2022

Prepared pizzas according to customer orders, including rolling and shaping dough. Maintained a clean work environment by regularly cleaning surfaces, washing dishes, and assisting with general store upkeep.

## EDUCATION

### **California Polytechnic State University, San Luis Obispo CA — Bachelors in Computer Science (In progress)**

September 2025 - May 2027

### **Cuesta College, San Luis Obispo CA — Associates in Computer Science**

September 2021 - May 2025

### **Cuesta College, San Luis Obispo CA — Associates in Mathematics**

September 2021 - May 2025

### **San Luis Obispo High, San Luis Obispo CA — High School Diploma**

August 2017 - June 2021

## PROJECTS

**Factorial Calculator** — I created a factorial calculator using a longan nano board for my microarchitecture class that calculates the factorial of any button you push.
